

KeyBank HEALTH SAVINGS ACCOUNTS

High-deductible health plans come with a Health Saving Account (HSA), and you need to open an HSA bank account to receive any contributions.

Below are the steps to open a KeyBank HSA account. Once the account is opened, complete the HSA Employee Authorization form with your KeyBank Routing Number and Account Number, and forward it directly to carolynn.murphy@unilock.com.

Once received we can start depositing contributions to your account.

If you have any questions or need help opening an account, please call me... thanks

Two simple ways to open your KeyBank HSA

- Online – The most convenient way to apply. Just go to key.com/hsa and choose “Apply Online.” The easy-to-follow instructions will guide you through the process.
Your company’s code is: 272265
- KeyBank branch – You can also open an HSA at any KeyBank branch. To find the branch nearest you, go to key.com/branch or call 1-888-KEY-1234.
